DRUM PALLET RACKS

HEAVY DUTY • VERSATILE RACK FOR DRUM OR PALLET STORAGE

Satisfy your high capacity drum storage requirements with the MECO OMAHA Drum Pallet Rack. Designed to store 30 and 55 gallon drums; accepts 12 or 16 drums depending upon model. Each level has a capacity of 4825 lbs.

Rack is easy to assemble by bolting the load beams to the all welded 3" structural channel upright frame—no special tools required. Frames are punched full height on 4" centers permitting 2" vertical adjustability of beams.

The portable drum cradles are made of 1 1/4" diameter tubing to prevent premature drum wear and can be positioned on the load beams to meet user requirements. Cradles are included with the rack. Drum cradles can be removed from any level to allow storage of palletized material.

Add-on units of one upright frame, load beams and cradles can be ordered. Additional cradles can be ordered separately.

Gray enamel finish.
