

MT-2436
TWO SHELF MACHINE TABLE

MACHINE TABLES

CHOICE OF ALL WELDED CONSTRUCTION OR BOLT-TOGETHER, KNOCKED DOWN MODEL

These all-steel tables are ideal for tool and die work, assembly operations, maintenance projects and as platforms for drill presses, table saws and belt sanders. Four solid steel angle legs support the most demanding loads. The smooth 12 ga. steel shelves will not crack, splinter or absorb liquids—maintenance is easy! Available in three comfortable working heights. All units are shipped fully assembled; gray enamel finish.

The **3000 LB. CAPACITY TABLES** employ heavy steel angle reinforcements under the shelves to maintain flatness while improving strength and rigidity.

• 2000 LB CAPACITY • ALL SHELF EDGES TURNED DOWN

MODEL NO.	SHELF SIZE	NO. OF SHELVES	SHELF CLEARANCE	HEIGHT	WEIGHT
